[Despatch Abstract.]

Establishment . Public Works Department . Temporary - Coimbatore Circle - South Kanara Division - installation of ice-making and quick freezing plant with cold storage at Mangalore and Kozhikode for Fisheries Department - Special staff . Sanctioned.

Office of the Chief Engineer, P.W.D., (General), Chepauk, Madras.

ENDORSEMENT No. 1645 Ad.2/53-1, DATED THE 7TH APRIL 1953.

***

Read:- From the Superintending Engineer, Coimbatore Circle - No. A6-462/50, dated 12-3-1952.

Sub:- Establishment - Public Works Department - Temporary Coimbatore Circle - South Kanara Division - West Coast - Installation of Ice-Making and Quick freezing plant with Cold Storage at Mangalore and Kozhikode - Special staff - employment - Proposals.

PUBLIC WORKS SECT. 34524 14 APR 1953 PUBLIC WORKS DEPARTMENT

Submitted to Government.

2) Even though the Refrigeration Engineer of the Fisheries Department will continue to be in charge of the machinery, the services of a Supervisor are necessary for each of the two works at Mangalore and Kozhikode, to attend to the construction, maintain accounts of the building materials etc., and prepare and pay bills etc. Hence, I request that Government may be pleased to sanction the employment of two Supervisors, one for each of the works at Mangalore and Kozhikode, for a period of six months from the date of employment.

3) Sanction may also be accorded for the drawal of compensatory allowances by the incumbents of the posts, as may be admissible under the relevant rules.

B. S. Narayanan

No. A.6.462/53, dated 12.3.53. 195

Sir,

Sub: Miscellaneous Buildings - West Coast Installation of Ice Making and Quick freezing plants with cold storage at Mangalore and Kozhikode - Special staff - employment -

With the formation on 1.9.51 of the Special Sub Division sanctioned in G.O. No. Ms. 3227 PW dated 2.8.51 for Improvements to Wenlock and Lady Goschen Hospital at Mangalore, the staff employed on the construction of buildings to house Ice Plant and Cold Storage at Mangalore and Calicut was disbanded and the balance of work on these was put in charge of the Hospital Works Sub Divn. - Vide your No. 4247 Ad.2/51-3 dated 6.9.51. One of the 3 supervisors sanctioned for the Hospital Works Sub Divn. has been attending to the work connected with the Buildings for the Ice Plant and other works pertaining thereto.

2. In G.O. No. Ms. 220, Development Dept. dated 15.1.53, the erection of the Ice Plant and Quick freezing plants has been ordered to be taken up by the Public Works Department and to be in charge of the Executive Engineer, South Kanara Division. The Executive Engineer reports that although the erection is to be done by the specialist Erector of Messrs. Volkort Brothers and the services of the Refrigeration Engineer of the Fisheries Department is also made available, the work of maintenance of initial accounts, Materials - at - site, Muster Rolls, preparation of bills etc., has to be attended to by the Public Works Department and that, therefore, a special supervisor is required for attending to the above works. The Executive Engineer further reports that as the volume of work in the Hospital has increased, the entire staff sanctioned for the Hospital Works Sub Divn. Mangalore has to be solely employed on these works and the Supervisor now attending to the Ice Plant Works has to be withdrawn. A copy of the Executive Engineer's letter is enclosed.

3. I agree with the Executive Engineer's proposal and request that you will please obtain sanction of Government to the employment of two supervisors for installation of Ice Plant and Cold Storage etc., one for work at Mangalore and another for the work at Calicut for a period of one year from date of utilisation. The cost of the staff is debitable to "81.b. Capital Account of Civil Works - Establishment - P.W.D. - Ice plant and Cold Storage at Kozhikode and Mangalore".

Copy of letter No. 390 SE dated 24-2-1953, from the Executive Engineer, South Kanara Division, Mangalore-3: To The Superintending Engineer, Coimbatore Circle, Coimbatore.

***

Sub: Miscellaneous - Buildings - West Coast - ~~xxxxxxxxxx~~ Installation of ice-making and quick freezing plants with cold storage at Mangalore and Calicut - Erection of - Staff - Sanction - Regarding.

Ref: From the Superintending Engineer, Coimbatore Circle No. A.6. 462/53, dated 15-2-1953.

In paragraph 1 of G.O. Ms. No. 220 dated 15-1-1953, the Government have accepted the proposal of the Chief Engineer to entrust the work of erecting the cold storage and ice plants at Mangalore and West Hill to P.W.D. and the initial accounts are therefore required to be maintained by P.W.D.

The Refrigeration Engineer of the Fisheries Department is Gazetted Officer of the rank of an Assistant Engineer, with vast jurisdiction (vide copy of his tour programme enclosed) and he cannot maintain the initial accounts ~~xxx~~ such as maintenance of M.A.S., Muster Rolls, preparation of Bills etc., and the services of a Mechanical Supervisor well acquainted with Mechanical details of work for maintenance of initial accounts in P.W.D. is therefore necessary (vide in this connection my letter No. 436 M dated 14-2-1953 to the Director of Fisheries with copy to the Superintending Engineer, Coimbatore Circle).

Further the work in the Hospital at Mangalore has increased and the services of the Supervisor now at West Hill, Calicut, charged to Hospital works, is required to be withdrawn to cope with the increased work at Mangalore Hospital (vide my D.O. No. 21 D dated 23-2-53) and consequently no supervisor will be available at West Hill, Calicut to proceed with the ice plant erection work and to maintain accounts connected with the work.

I therefore request you to kindly obtain the sanction of Government for the appointment of a Supervisor and to arrange for the posting of a Mechanical Supervisor with sufficient experience in the Department to proceed with ice plant erection work both at West Hill, Calicut and at Mangalore very urgently, as already requested.

Please see copy of the Director's reply to my letter No. 436 M dated 14-2-1953 (copy enclosed). It will be clear from this that the Fisheries Department are not capable of transporting the machinery parts already received by them and stored near Calicut pier ~~x~~ to West Hill. No mention about provincial staff was made or discussed when the estimate for works to complete erection of the plant was made out at Madras as the agency for erection was not decided.

Encl: Copy of Tour Programme. 1 Copy of Director of Fisheries letter.

Revised Tour Programme of the Fisheries Refrigeration Engineer, for the month of February, 1953.

***

2-2-1953	Leave Mangalore - Arrive Calicut.
3-2-1953 to 8-2-1953.	Halt at Calicut.
9-2-1953.	Leave Calicut.
10-2-1953 ~~xx~~	Reach Adirampatnam.
10-2-1953.to 14-2-53.	~~xxxxxx~~
15-2-1953.	Proceeding on casual leave.

p.t.o..

Purpose of visit:- At Calicut - 1. Cleaning of the machinery parts
2. Discussions with local officers and the Executive Engineer, (South Kanara).
3. Inspection of cold storage work
At Adirampatnam. 1. Complete cleaning and over hauling the ice plant machinery parts.

Submitted to the Director of Fisheries for favour of approval.

Sub Fisheries - Cold storages at Mangalore and West Hill erection of - Regarding.
Ref: Your letter No. 436 M dated 14-2-1953.

In your letter, you requested for some clarifications to be got from Volkarts. My Refrigeration Engineer had contacted to-day the Volkarts Engineer (Madras) and a copy of the note on this discussion is enclosed herewith for your information. I am also enclosing the descriptive literature about the 9 Q7, 9 Unit as desired by you. I am also asking Volkarts to despatch 3 sets of erection instructions and drawings to you direct.

About points 5 & 6 of your letter, your Department can go ahead for arranging them. The Fisheries Refrigeration Engineer will supply you a complete list of the machinery parts in duplicate together with such packing notes which are available.

About item No. 7 of your letter, it is better your Department make the necessary arrangements for shifting the machinery parts at Calicut from the godown to the cold storage building as this Department does not have the necessary lifting tackle etc. The Refrigeration Engineer, will of course, be on the spot. I am making this suggestion, since we have little experience in the matter of this nature, while the P.W.D. Department have considerable in moving heavy and costly machinery.

As for as items 8 & 9 of your letter, your Department can go ahead about arranging the materials. No welding unit is available with this Department.
